

TAKING A SWING AT CRIME

We Ask all golfers to keep an eye on the course and phone the Clubhouse if they see anything suspicious noting their number plate etc.

Paul James spotted a thief walking from the tractor shed carrying batteries and as a result we were able to pursue and stop further thefts.

Well done Paul

Keep alert! Don't be afraid to challenge a suspicious person I.E "Hello" are you lost can I help you?" etc "Who are you looking for" note suspicious cars in the car park

I.E. Golfers park nose in so they can get to their boot villains park nose out for a quick getaway. Look out for 2/3 people just sitting in their car they are not here to play golf are they?

Don't think its nothing to do with you-it could be your clubs or your car.

Let them know you've seen them, openly take down their number talk to them if you can and give the detail to reception who will phone Neil/Will/Gaye /Peter.

Don't hesitate to phone the police with our blessing if you think you should. We have a reputation of being diligent that keeps our crime record very low-people know we are not an easy touch and keep clear. Let's keep it that way.
